

Ethos Property

Ethos Specialty's Property programs provide solutions for niche parts of the market which can often be difficult to find adequate insurance protection for. Within the range of products are two all-risks property insurances that can be provided on a shared or layered basis through a Real Estate or Manufacturing, Processing & Warehousing (MPW) program. In addition, there are two deductible solutions available - Wind and All-Other-Perils (AOP) - which offer insureds a way to reduce their initial deductible in the event of a loss.
